

THE Gleichen Call

Thirteenth Year, No. 11

GLEICHEN, ALBERTA, WEDNESDAY, JUNE 4, 1919

\$1.50 Per Year

Queenstown Farm Land Rising in Price

The sale by John L. Ash of 800 acre farm at \$75 per acre made quite an epoch in the history of our district and goes to prove that some people know a good thing when they see it. If anybody had predicted 10 years ago that this land would go that high, so far from a railroad, people would have thought he was a fit subject for Ponoka. I am no prophet nor the son of a prophet, but judging the future by the past I say that land in Queenstown, Milo and Majorville will sell at \$100 per acre five years from now. You just watch and see if I am right.

Just to show how the fame of the district is spreading I will point to the circumstances leading up to the sale of Mr. Ash's land. When Mr. Ash drove his big McLaughlin car up in front of one of the Basano stores a stranger stepped up to him and said, "You must be from Majorville by the looks of your outfit." Mr. Ash told him he had guessed right. "Well," said the stranger, introducing himself as Mr. Barnes, of Calgary, "I am looking for some good farm land and from all reports Majorville must be the ideal spot." Mr. Ash took him out home and the sale followed.

This sale proves what can be done here when the right man gets into the right kind of district. Mr. Ash came here in 1909 from Michigan, where he had been engaged in the butcher business. The amount of cash he brought along was exactly \$2800, so he is over \$57,000 to the good on the land alone. Of course this money was mostly made on the raise of the price of land, but Mr. Ash has always been considered as one of the best and most successful farmers in the district. I do not know the amount of his bank account but I do know that he has money invested in several enterprises and has money in the bank.

The selling out of his big farm does not mean that he will leave the country. He has already purchased a smaller piece of less improved land where he intends to build.

Funeral of Rev. Cyril Easom

The services in connection with the death of Rev. Cyril Easom took place in Gleichen on Friday afternoon, May 30.

A goodly number of sympathisers gathered in the Union Church for the first service. Rev. Joseph Lee of Calgary, a former pastor of the church here, conducted the service, and was assisted by the Rev. R. N. Matheson, pastor of the local church, and Rev. E. T. Scragg of Coronation, who was a close friend of the deceased, was present as a representative of the Alberta Conference of the Methodist Church. In his address he paid a very fine tribute to the work and character of Mr. Easom. Mr. Lee, who was at college with Mr. Easom, and who was ordained side by side with him at Medicine Hat six years ago, also paid a tribute to the sterling work of the deceased. Mrs. J. Buckley presided at the organ and appropriate hymns were sung under the leadership of Mr. McMullan. Among those who sent wreaths were the Alberta College Old Boys Association and the late Mr. Easom's classmates. The pall bearers were Messrs. Daw, Tudhope, Matthews,

The 31st Bat. Passes Through

On Sunday afternoon the famous Thirty-First Battalion passed through Gleichen on their way home from war. "Passed" is right, much to the regret of all Gleichen. It came in on the second track just as the regular passenger arrived from the west on the first track. Thereby shutting of the view of a fair crowd to see the soldiers train, and a few moments after the regular pulled out the train bearing the 31st also steamed away, without time for even the usual cheers. The disappointment is expressed very keenly that the train did not stop longer and also that the time of its arrival was not more generally announced that the band did not turn out and that Gleichen did not give the 31st the welcome home everyone would like to have given the boys, more especially owing to the fact that quite a number of the Gleichen volunteers of the 31st will never return.

A complete list of the Gleichen boys is not available, but they are drifting back daily. Among the arrivals the past week were:

Sergts. Jack Roberts, George Wakefield and Edward Weddell, and Privates Walter James, George Moss, W. G. T. Varrdell, George S. Simonin, Charles Ryan, J. M. Ryan, Bomb. A. V. Symes, Wm. Rogers, Staff Sergt. Pember Ostrander, and L. Seaman A. Leslie Brereton.

EQUITY AND CO-OPERATION

What two words in the English language mean more?

What can be more purely equitable and co-operative than ten thousand or more farmers joining together and agreeing among themselves that those who are so fortunate as to escape destruction of their crops by hail would pay to those who lose their crops by hail, their losses up to \$10 or more per acre.

What can savor more of graft than to have a few men agree to pay the losses and charge the highest possible rate for the risk and pay as little as possible when the loss occurs.

The first kind of protection can be secured to the extent of \$8 per acre through the Municipal Act if you are in an organized district.

As much additional insurance as you want can be obtained by carrying it with the two Farmer Companies now doing business in the Province of Alberta.

Thirty-three other companies doing business in the province have done all in their power to prevent the farmers from carrying their own hail insurance but it did not work.

The Peoples' Market are acting as agents for the two farmer companies.

Ask their nearest representative how you can get your your insurance by co-operation and be sure of equity in the cost and adjustments of losses.

Mckay, Hyndman and Dafoe.

Mr. Lee and Mr. Matheson had charge of the service at the local cemetery.

Mrs. Easom and her daughters, Lillian and Lynette and Miss A. V. Burne, returned to Swan Lake from Brandon, where Mr. Easom passed away, and will leave for the west in the course of a few days.

During the past week the Gleichen Baseball team has added two games to the good. A match at Cluny resulted in Gleichen's favor by a score of 9 to 3, but the Cluny boys need not worry—a little more practice boys is what you need. In a fast game last night here the Calgary Cubs went down to defeat in five innings with a score of 6 to 8. It was 9:20 when the game ended and quite dark. However, there was some good players and our farmers are anxious to meet the young bears in broad daylight.

Yesterday our Juniors visited at Bassano and were defeated 4 to 5.

War Veterans

A meeting will be held in the Town Hall on Sunday afternoon, June 8th, at 3.30 p.m. Special business.

COMING EVENTS

Charges are 25c. per line under Coming Events heading unless otherwise advertised with the CALLS.

June 13—Social Dance in Opera House.

June 15—Farmers Sunday.

June 28 to July 5—The Calgary Exhibition.

July 18 to 24—Gleichen Dominion Chautauquas.

Aug. 15 and 16—Gleichen District Agricultural Assoc. Exhibition.

Monday noon—Change your ad.

Sympathetic Strike Effects Gleichen

The sympathetic strike is a great thing, and the present one seems to work only one way. Briefly, as we can learn, one employer in Winnipeg refused to do as the union demanded and the union asks every union man and woman in Canada to go on a sympathetic strike. No sympathy is extended the hundreds of employers who have met the full demands of the unions, their satisfied employees are asked to quit work and thousands have. Every class of people must suffer because one employer refused to meet the union demands. This is unfair and the unions will eventually be the greater losers. But let us remember man unions have refused to be parties to this very much questioned "sympathetic" strike. The Call man first joined a union in 1889 and still holds an honorary withdrawal card and is strong for union in all things, but we cannot see any fairness in the present strike.

Every village, town and city is now suffering because one firm refused to obey the union leaders. It is not fair. It is not true unionism.

The mails in the cities are now handled by volunteers and naturally the service is far from good. One express car has reached Gleichen the past week from the west and none from the east. Yet we are better off than many towns and can get goods by auto, etc., so long as the Calgary supply holds out.

The Call has its little troubles and this week is reduced to four pages for the most part and is finishing up with poster paper. By next week we hope to remedy this. This shortage of paper compels us to leave over three interesting letters and many other items, as well as some advertisements.

Craigantler

J. B. Johannsen left last week for Iowa to attend to the funeral of his father. Mr. Johannsen had just accompanied the remains of Mrs. Johannsen, who died a couple of weeks previously, to Iowa from Long Beach, Calif., and died after reaching there. Mr. Johannsen was well known in the Standard and Gleichen districts taking an active part in grain growing and experimenting in growing grasses. Our sympathy goes out to the bereaved family.

Mr. and Mrs. Dankwerth are happy over the arrival of a daughter.

Martin Hansel had the misfortune to break his arm while plowing last week. Mr. Selgensen accompanied him to Strathmore hospital.

The crops in the district are looking fine.

N. Hughes and F. Goodsell have dissolved partnership.

Mrs. J. K. Crapo is able to be around again after being laid up two months with a broken ankle.

The C. P. R. intend making big improvements in the district this summer.

A dance will given in Griesbach Hall on Friday, June 13.

WEDNESDAY, JUNE 4, 1919

Beginning with this issue Hon. A. G. MacKay, the Minister of Municipal Affairs of the Alberta Government, will supply The Call with five or six articles deal with the new legislation affecting municipal districts, which should receive careful attention. The first article deals with the Wild Lands Tax Act, which will be followed next issue by articles on the Public Health Act, Municipal Hospitals, Tax Recovery, Arrears of Taxes, respecting sub-divided property and so on.

In referring to the success achieved by the Gleichen District Agricultural Association last issue The Call overlooked the worthy part President Dafoe has taken in the re-organization. It was his persistent effort that started the work and his never-ending work that made one and all ready and anxious to do their part. As a leader the president has the qualifications few are gifted with and the association is fortunate in having a man such as Mr. Dafoe at its head.

The Gleichen exhibition will be the next big event and its success is already a foregone conclusion, for we learn from from time to time that different farmers and gardeners are expending extra efforts to have something worth while exhibiting. We have had a glimpse of one or two gardens that should be strong after the liberal prizes offered and no doubt there are many others. Those entering the farmers' garden competition should see Secretary Mallory at once. All who possibly can should attend the regular monthly meeting tomorrow night—Thursday. A number of very important matters are to be dealt with and it is desirable that each subject should be decided upon with the best interest of the entire community carefully considered.

A grave statement on the lack of business method by some firms which is hurting the general Canadian reputation in Great Britain is contained in a communication from Mr. Henry B. Thomson of the Canadian Trade Commission, now in London in an advisory capacity with the London Mission, he says:

"It has been brought to our notice by several firms here that Canadian manufacturers and others are very lax in not replying to correspondence and enquiries, and it is having the effect of creating an impression that Canada as a whole is not looking for business, or making much effort to get it. Trifles of this kind create a false idea, as the people in the United States are very particular about prompt reply to enquiries, and furthermore carry on a regular follow-up course of correspondence. Not only has it a bad effect in creating an impression of slackness, but it is also causing some of the importers here to make very strong representations to the Government to remove the import trade restrictions with other countries that are not within the Empire. At the present moment, Canada is, as you are well aware, particularly favored in this regard as compared with the United States, but if the representations of the importers are sufficiently strong and insistent, the Government will be forced to allow certain commodities to be procured, or apparently so, within the Dominion. Even if they have not got the stocks on hand, or do not deal in the commodities they are asked about, surely it would be a simple matter for them to write a note to the English firm enquiring and explain the situation."

Important Notice to Subscribers

The Gleichen Call has now the date now printed on the labels of subscribers and has sent the following notice to those in arrears attached to the account. Read it carefully please:

We have just completed a new mailing list and in going over the hundreds of accounts expect we have made some errors and would ask you to examine carefully the above statement of your account and address. In future the label on every paper you receive will bear the date to which your subscription is paid, and if not paid in advance within 30 DAYS after that date the name will be cut off our list.

You will readily understand that with the great increased cost of paper this is the only way we can keep going without raising our rate of subscription. The cost of time, stationery and postage is also to be considered and in future only one statement will be mailed you.

We feel sure you will appreciate our position in the matter and will acknowledge 30 days is ample time in which to pay so small an amount as \$1.50. Thanking you in anticipation of an early reply.

BUY A N IRRIGATED FARM BECAUSE:

Irrigation makes the farmer independent of rainfall, and in aures good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever in telligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices up to \$50

per acre, with 20 years to pay and the priv-

ilege of a loan of \$2,000 for improvements

(6% interest); no principle after first pay-

ment until end of fourth year, reduced in-

terest if settlement conditions are complied

and no water rental for first year. Contract

can be paid off before maturity if desired.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to

Standard Items

The Standard tug of war team had a big day at Gleichen on Victoria Day winning the championship from the Gleichen team. On the Standard team were:

John Nordquist
Alb. Nordquist
Ed. Christensen
H. Hickie
Capt. Rich. Munch
J. Seasted
Davis
Geo. Dubdal
Mogens R. Schiodt

Captain for the team was our popular N. P. Nielson, for many years an active member of the Scandinavian champion team off America. A compliment is due N. P. for the good show his team made.

Mr. Werne of the Scandinavian Bureau left for Calgary the other day.

Pte. John Olsen, of the 223rd Scandinavian Battalion, came home from overseas last week. John is looking fine although he has seen considerable fighting in France where he was badly wounded.

Farmers please remember that all business places in Standard will close every Wednesday in the summer at 12 a. m.

The Gleichen sports on Victoria Day was a real success and attended by a very big crowd. Among the many visitors from Standard were:

Mr and Mrs A Christensen
R Gregory and family
W Boliek and wife
E Wagler and family
J Nordquist and family
S Hansen and wife
T Rasmussen
M Schiodt

McKAY HARDWARE CO.

OPPORTUNITY for Retail Merchants

THE next few years will mark a tremendous change in the business of retailing.

Motor Transportation, now reduced to a low-cost basis, gives retailers a great opportunity for business growth because it widens their trading area.

The Ford One-Ton Truck makes available this opportunity. It is Motor Transportation at low cost—low first cost, low maintenance cost, low operating cost.

A small outlay will motorize

your deliveries and open to you the opportunity for business expansion.

Complete Trucks—Two Standard Bodies

Ordinary hauling and delivery work can be best adapted to two standard types—the Stake Body and the Express Body.

These two body types are kept in stock ready for immediate delivery. They insure the maximum efficiency from the Ford Truck.

Both types have the Enclosed Cab with the two-way windshield which gives the driver proper protection from the weather.

See these complete trucks. Seize the opportunity to enlarge your field of business. Let us solve your delivery problem.

WEDDING GIFTS

are so much in demand that we have concluded that Cupid is working overtime, or the beauty and excellent value of the things shown here have made such an impression that people who may be called upon to make a present at some future time are buying now because they can save money.

Solid Silver, Silver Plate and Cut Glass are perhaps the most attractive things. But there's hundreds of others, very beautiful, very serviceable and not very expensive.

Gleichen Jewellery Co.

W. G. S. GOURLAY,
Manager.
Issuer of Marriage Licenses.

Mrs. Housewife
Would you like some good
Stove Wood for Summer
Cooking?

We have it in big dry blocks, twelve inches long. The very thing for making a quick fire.

It's cheaper than coal and nicer to burn.

Phone 69 for a trial order.

Revelstoke Sawmill Co., Ltd.

Local Manager. - - Gleichen, Alberta

QUEENSTOWN

The hangdog look most every farmer out here has been wearing for the last year, owing to the dry season, is fast disappearing and everybody now feels optimistic about the crops. Of course, a good many things may happen between now harvest. But as a matter of fact, things never looked better and if you have nothing else to do come out to Queenstown and watch the grain grow.

Railroad or no-railroad farmlands in the district are taking tremendous jumps in price. I stated not long ago that Mr. Ingraham had bought a section from H. Dietz at \$50 per acre. Mr. Ingraham just held it two weeks and then sold it to Mr. Barnes, a Calgary man, for \$65 an acre, thus making \$8000 in two weeks. The same man bought John Ash's 800 acre farm and paid \$75 per acre. This does not include stock and machinery and buyer gets only half of this year's crop.

Henry Dietz has bought George Grieve's old place, which has lately been held by Mr. Fred Hawkings of Calgary.

Jack Bartsch has bought Will Francis place and now owns a section all in one piece.

Our vexed mail hauling question has at last been solved and we now get mail from Cluny instead of Gleichen. Martin Peterson, of Lake McGregor has the mail route.

The first moving picture show, since the hall was turned into a hospital, was put on last Friday evening by the Vulcan firm who put on the other show last winter. The show was well attended.

A number of young people are organizing a sort of a dramatic association and are studying a play called Topsy Turvey. It will be put on at the hall.

There is great fishing near the Bassano dam and a number of Majorville young people have made good catches.

The latest addition to the town of Milo is a barber shop on wheels—in an old cook car.

Did you ever see the brand new Lake McGregor? If not make a trip down to the dam. Get out on top of the dam and look south and you will see it is worth looking at. The boys out here intend to put a few motor boats on it. It will be fine sport on Sunday afternoons. Even a few rowboats with one's best girl to steer it would be fine.

Farmers Sunday Service
June 15th

Sermons will be preached in all churches in Gleichen on June 15th, expounding the doctrine of the United Farmers of Alberta. All towns people as well as all farmers are cordially invited to attend these meetings and hear what equity and co-operation mean when carried out to their fullest meaning.

These words should not be just kept for Sunday services but kept in mind every day in the year, with our families, with our neighbors and with everyone with whom we come in contact.

They should be kept in mind by the members of our Provincial Government and our Dominion Government, and also with all other governments the world over.

They are big words, study them from every angle.

Yours respectfully,
W. D. TREGO,
Corresponding secretary.

District Passenger Agent, Calgary

Don't Read This

It won't interest you unless
you own or drive a Ford car

BUT

We are installing our Electro Magnetizer and invite you to call and see it work. Many Fords that have been in use one or more years are in need of Electro service due to weak or shorted magnets causing the car to start hard, burn too much gasoline, miss when running slow, poor lights or coils, points burning or sticking.

Electro Service

In addition to locating troubles such as end play in crank shaft, coil troubles and etc. will burn out shorts in the magneto and charge the magnets stronger than when new.

Don't forget we weld Ford frames without removing them from the car

McLeod's Garage

GLEICHEN, ALBERTA.
